All college courses have limited spaces and a separate application form/personal statement must be completed for these.

If uptake in a subject is very small, it may not run.

In S4, English & Maths are compulsory.

In S5/6, Pupils studying 5 Highers or 4 Highers and one NAT 5, may choose "Private Study" as one of their options.

In S6, Pupils studying Advanced Highers **and/or** Highers in 4 columns may choose "Private Study" as two of their options. Other subjects at AH or higher may be available in other schools or college.
